

ENERGY FEDERAL TAX CREDIT MANUFACTURER'S CERTIFICATION

Nien Advanced Solutions hereby certifies that its **Acadia Living™ Composite Wood Shutter**, when used in conjunction with double-pane, low-e glass windows, meet applicable energy performance standards as identified in the International Energy Conservation Code (IECC) for U-factor and Solar Heat Gain Coefficient for all climate zones, and each qualifies as an "Eligible Building Envelope Component" that qualifies as an insulating system that is specifically and primarily designed to reduce heat loss or gain in a principal residence, and qualifies for a Federal Tax Credit for tax year 2025 as a non-business energy property under Internal Revenue Code Section 25C in the Inflation Reduction Act of 2022, for a tax credit equal to **30%** of the purchase price of qualified products, up to a maximum annual amount of **\$1,200**, not including measure and installation, through December 31, 2032.

This certification statement is in compliance as of May 23, 2025.

Under penalties of perjury, I declare that I have examined this certification statement, and to the best of my knowledge and belief, the facts are true, correct, and complete.
